

Texas Alcohol and Other Drug Counseling Services Pricing

Our Mission applied to our fee structure:

Texas seeks to provide affordable, accessible, quality services to everyone- no matter what their financial situation. We believe that while our base price is affordable for most clients, sometimes financial barriers can make even our affordable fees difficult to pay so we have offered some incentives and alternatives to the standard fee payments. (See below)

FULL FEE PRICING

Alcohol and other Drug Assessment: \$125.00 (includes Drug Screen and For DUII the Etg test)

CAN BE PAID ½ DOWN AT INTAKE AND REMAINING DUE BEFORE COMPLETION OF THE INTERVIEW

The assessment process provides an accurate diagnosis along with recommendations for follow-up and levels of care. Recommendations may include different levels of addiction treatment or referrals to physical and mental health practitioners, or other helping professionals.

Group Counseling: DUII/A&D =\$40 per 60-90 minutes group session

Provides clients support in a group setting assisting with sobriety maintenance. Focus is on cognitive or behavioral approaches that address triggers and relapse prevention, self evaluation ,process of recovery and issues pertaining to changes in lifestyle. 12-step facilitation, spiritually based, and culturally specific approaches are available upon request.

Individual Counseling: =\$50 per 50 minute "hour"

This service provides one on one treatment planning, goal assessment, development and progress monitoring on an as needed basis or as listed in the client's initial treatment plan. DUII clients will pay this one time at their exit session as well as the treatment plan review or other as needed sessions

DRUG TESTING (no reduction in fees available for drug screening)

7 Panel drug screen =\$15.00 these are typically given at random at least once per month depending on level of service. **Etg Alcohol Test =\$25.00** is also administered at least once per month for certain programs.

REDUCED FEE PRICE OPTIONS

The following reduced fee incentives apply to Alcohol and Drug Treatment Groups and Domestic Violence Perpetrator Groups only. Incentives for paying ahead;

#1 Payment of **one month of fees in advance**; = ***12.5% reduction in group fees.**

2 Payment of **two months or more in advance**; =***25% reduction in group fees.**

*Payment incentives do not apply to drug screening services or groups below the \$40 amount.

AD/DUII and DV GROUP SESSION PRICING AT REDUCED FEE OPTIONS

Group sessions at Option #1 = \$35 per group or Option #2 = \$30 per group

Case Study Example of a DUII Client at Level 1 Outpatient Treatment

Price for Three months of *typical outpatient/DUII group treatment at the #2 reduced fee.

1 group per week at \$30 each for three months(90 day abstinence required for DUII) =\$360

Assessment +Baseline Drug Screen =\$125, Drug Screens; minimum offour at \$25 each =\$100, 4 at \$15 each =\$60, 1 treatment plan review session = \$50,Final Exit Session= \$50

***Price of Entire Program = \$745.00, for discount 12.5% add \$60, for Full Fee add \$120.00 to obtain entire program price**

*This pricing was based on a typical level 1 outpatient treatment client who also attends self help recovery groups. Level of care determines # of groups per week, amount of drug tests and individual sessions required. Clients who use during the program will have to start their 90 days of abstinence over from the first day. Entire Program pricing is subject to this requirement.

ALTERNATIVE TO CASH PAYMENT PROGRAM

We offer a sliding fee based on the amount you decide to volunteer at a nonprofit agency. The amount of hours you volunteer will be taken into consideration as a reduction in payment for group fees.

Certain restrictions apply and will be explained at the first intake session. At that time you can choose whether or not you wish to participate in our program reduced fee or full fee payment plans.

People who have a documented disability that prohibits them from working will not be required to attend community service and will pay on the sliding fee payment plan.

ADDITIONAL GROUPS AND SERVICES OFFERED AT TERAS

Assessment for Marijuana Motivation Group: \$50.00

This is for a marijuana specific intake and assessment and is not intended to assess other drugs, diagnose for level of treatment placement or for DUII treatment services. Does not include urinalysis services

Marijuana Motivation Group =\$20 per group session

This is a twelve to fifteen week evidence based curriculum group for marijuana users who are mandated or self referred who are curious about looking at the amount of their marijuana use. This group is for clients who are not going through the DUII program. Clients complete assessment instruments comparing their use to the general population, assess pros and cons, ability to stop if they choose to and a long term use/plan. This group is ideal for those medical marijuana using clients who are at risk for abusing the drug.

Anger Education Groups= \$20.00 per group session

Didactic counselor facilitated groups identifying anger triggering situations, internal emotional states and strategies for communicating, diffusing or redirecting the emotion commonly referred to as anger. Utilizes an evidence based curriculum program for anger and substance abuse treatment.

Case Management= \$40 per hour (typically takes only ½ hr. and is sometimes done in an individual session for free) Case management of patients needing services relating to alcohol or drug abuse/dependence, provides assistance and care coordination based on the needs of the individual.

Multiple Family Group Counseling= \$40 per session, discounts for five or more family representatives

Group sessions assisting more than one family for education and consultation regarding alcohol and other drug dependence and family roles in recovery.

Single Family Session=\$120.00 per session (price negotiable based on family income level and referral source)

A onetime education service provided to a clients' family in the home or at the clinic. Family sessions include educating family members how to assist their loved one while maintaining healthy boundaries that support positive treatment outcomes with the least impact on non substance dependent family members.

Domestic Violence Intervention Groups for Perpetrators Intake =\$100, Groups \$40 a week, Mid program evaluation session and final exit session =\$50 each, and random UA's from \$15-\$25 each.

This is a state guideline approved program consisting of 48 consecutive weeks and three months of additional bi-monthly follow up sessions. Clients are encouraged to evaluate their behavior in the context of relationships, challenge any beliefs that support violence, be accountable for all violence past and present.
