

Charity Meeting Minutes

Date: Monday 1st

Present: All

Agenda:

- New Website
- Financials for year to come
- Our Next Event

New Website

Everyone agreed to the new website hosted on Google Sites and using the Charities template was a big improvement on our past site.

The trustees noted how easy it was to add new content and found the integration with other Google Applications was a big bonus.

Financials

The new website cost nothing so the charity has saved a significant investment. The donation feature on the site has also brought in much needed donations.

Next Event

There have already been some brilliant ideas discussed on the site's forum and the trustees will be exploring these further and report back at the next meeting.
